## A unique and cultural experience in the Motherland!

### Welcome

Travel Guests!

We welcome you to an 8-day once in a lifetime excursion to Ghana!

Travel Source 4 All, Inc. is a US Georgia based travel group organization envisioned to cater to the needs of World Adventurers. This company is led by myself along with an “on-the- ground global team” of experienced and knowledgeable professionals living mostly in Africa, Europe and other parts of the world.

I have over 20 years of valuable travel insight and experience within this growing industry. In the formidable years, I was employed at Atlanta based World Headquartered Delta Airlines as an International Sales Reservationist – providing customers with exclusive foreign travel arrangements. I later broadened my travel experience while employed by several international non-profit agencies (American Red Cross, CARE, and Habitat for Humanity International) – escorting major donors to visit their funded and completed humanitarian projects around the world. Currently I’m involved in two important works: (1) a ministry to lead short-term missionary teams to several specific places around the globe; and (2) developing specific travel group arrangements to several unique destinations per year.

Travel Source 4 All, Inc. requests the pleasure of your company for a life enhancing experience.

## Overview Travel of Ghana

Many of our World Adventure Travelers are looking for something meaningful to do once we emerge from the global pandemic. And while this excursion is scheduled for late 2022, we strongly believe international travel will become more safer than ever.

I so much enjoy exploring new destinations, new cultures and tasting good foods. In result of this, I become a much newer and better person each time.

This newsletter edition provides a tailored itinerary should you consider to join me. In this newsletter, Travel Highlights will feature a full-planned schedule built on my experience as your travel advisor.

Since I will turn 55 in 2022, I'm looking forward to celebrating with you.

Please understand that we are taking health precautions very seriously! We will abide by all country health guidelines and local municipality health ordinances. Unfortunately, we won't know what tomorrow holds as it relates to new global crisis or how the world will be 10 months from now. But as we know today, I'm optimistic that things will get better again.
